

VÖRULISTI - TJAKKAR

Model	Description	Photo for refer
<p>T20 Standard</p>	<p>2.0T Li-ion battery pallet truck manual lifting/lowering electric/manual driving 2.0Ton capacity 0.75kw AC brushless motor 48V10Ah Battery 48V3A charger Fork Size: 540*1150mm or 680*1220mm</p>	
<p>T20i Standard</p>	<p>2.0T Li-ion battery pallet truck electric/manual lifting, manual lowering, electric/manual driving 2.0ton capacity 0.75kw AC brushless motor 0.65kw lifting motor 48V15Ah Battery 48V5A charger Fork Size: 540*1150mm or 680*1220mm</p>	
<p>T20i-s With Scale</p>	<p>2.0T Li-ion battery pallet truck electric/manual lifting, manual lowering, electric/manual driving 2.0ton capacity 0.75kw AC brushless motor 0.65kw lifting motor 48V15Ah Battery 48V5A charger Fork Size: 540*1150mm or 680*1220mm With Scale and I touch system</p>	

<p>T20i-G Galvanized</p>	<p>2.0T Li-ion battery pallet truck electric/manual lifting, manual lowering, electric/manual driving 2.0ton capacity 0.75kw AC brushless motor 0.65kw lifting motor 48V15Ah Battery 48V5A charger Fork Size: 540*1150mm or 680*1220mm Galvanized</p>	
<p>T20i-SL Stainless</p>	<p>2.0T Li-ion battery pallet truck electric/manual lifting, manual lowering, electric/manual driving 2.0ton capacity 0.75kw AC brushless motor 0.65kw lifting motor 48V15Ah Battery 48V5A charger Fork Size: 540*1150mm or 680*1220mm Stainless</p>	
<p>T20i-F</p>	<p>2.0T Li-ion battery pallet truck electric/manual lifting, manual lowering, electric/manual driving 2.0ton capacity 0.75kw AC brushless motor 0.65kw lifting motor 48V15Ah Battery 48V5A charger Fork Size: 540*1150mm or 680*1220mm Cold storage</p>	
<p>T20i-L</p>	<p>2.0T Li-ion battery pallet truck electric/manual lifting, manual lowering, electric/manual driving 2.0ton capacity 0.75kw AC brushless motor 0.65kw lifting motor 48V15Ah Battery 48V5A charger Fork Size: 540*1150mm or 680*1220mm Low profile 65mm</p>	<p><input checked="" type="checkbox"/> Low profile</p> 

Spare Battery	61-500-100-20--48V15Ah (T20i)		
	61-500-300-10--48V20Ah (T20i)		
	61-501-100-10--48V10Ah (T20)		
Optional	1-touch Screen(2.5 inch screen, digital display)		
Additional cost of Different Length of Forks	Less than 1150mm		
	Between 1220 and 1500	standard	
		galvanized	
		stainless	
	1800mm、 2000mm、 2400mm	standard	
		galvanized	
stainless			

T20i Standard er með margar mismunandi útfærslur

T20i-s er með tölvuvog með 4 loadcellum, eins og hefðbundnar gaffalvogir.

Kaup á T20i-s eru tveir fyrir einn. Brettatjakkur og gaffalvog. Eiginlega þrír fyrir einn, því að T20i má nota bæði sem rafmagns tjakk og handtjakk.

ATH: T20i-touch er með innbyggða vog fyrir áætlaða þyngd, sem ekki er nákvæm.

T20i-G er galvaniseraður og T20i-SL er úr ryðfríu stáli.

T20i-F er sérhannaður fyrir vinnu í kæligeymslum.

T20-L fyrir lægri bretti.

T20i-touch er T20i með i-touch aukabúnaði, sem er stafrænt lyklaborð sbr. lýsing á tjökkum í Vöruflokkum.

Einnig bjóðum við lakkaða, galvaniseraða og ryðfría gaffla í mismunandi lengdum.

Leytaðu tilboða hjá okkur í þann tjakk, sem hentar þér best.

Við gefum gjarnan góð tilboð miðað við sérpantanir á tjökkum, sem við eigum ekki til á lager.
